

## Container

## Status

Condition: Protected  
SeaDry: Hook  
Humidity Status: < 50 %

- ✔ fits into container corrugations
- ✔ for cargo not packed right up to the container walls

Minimum space requirement due to flat product design

Stable hook for hanging from lashing eyes

Adhesive pads on backside

## Product Specifications:

	SeaDry Hook 600g	SeaDry Hook 1,200g
<b>Name:</b>	SeaDry Hook 600g	SeaDry Hook 1,200g
<b>Item Number:</b>	625.006	625.012
<b>Absorption Capacity:</b>	Water absorption > 1.2 litres*	Water absorption > 2.4 litres*
<b>Agents:</b>	600g drying agent, made from salt (CaCl <sub>2</sub> ) and modified starch**	1,200g drying agent, made from salt (CaCl <sub>2</sub> ) and modified starch**
<b>Design:</b>	Several connected chambers forming a desiccant chain; special non-tear membrane is permeable to water vapour	
<b>Total Weight:</b>	0.67kg	1.39kg
<b>Measurements:</b>	910 x 165 x 25 mm	1,720 x 165 x 25 mm
<b>Packaging:</b>	20 pieces in airtight packaging; packed in cardboard box	10 pieces in airtight packaging; packed in cardboard box
<b>Disposal:</b>	Normal commercial waste	

\* at 23 ° C and 80 % relative humidity

\*\* All ingredients are compliant with REACH.

## Application:

# SeaDry keeps your cargo dry!

## SeaDry offers sustainable benefits:

- ✓ no moisture-related damage to cargo; therefore no complaints
- ✓ unimpeded customs clearance in the country of destination due to mould-free cargo
- ✓ small number of pieces per container required, resulting in low labour and disposal costs

SeaDry provides effective long-term protection against moisture, especially for shipping cargo by sea.

SeaDry is a high performance desiccant, developed to reduce relative humidity within the freight container to a noncritical level.

By lowering the relative humidity, SeaDry minimises the risk of condensation, thus prevents moisture related damage to cargo and packing material.

## SeaDry prevents:

**Mould**

**Corrosion**

**Sodden packaging**

**Detached labels**

**Changes in odour and taste**

Through the perfectly matched ingredients in SeaDry, the absorbed moisture gels immediately and is never present as liquid.

The efficacy of ThoMar's SeaDry products has been tested and confirmed independently and under real operating conditions. SeaDry has been classified as suitable for indirect food contact in long-term storage.

## THE THOMAR GUARANTEE:

- ✓ Certified quality
- ✓ Delivery directly ex factory
- ✓ Process consulting
- ✓ Long-term profitability

Get in touch with us, and make use of our years of experience!
